

VOL. X. NO. 280.

SANTA ANA DAILY REGISTER, TUESDAY EVENING, OCTOBER 26, 1915.

50 CENTS PER MONTH

**MUNITIONS PLOT  
UNDER PROBE  
BY FEDERAL  
OFFICIALS****More Men Under Arrest, and  
Startling Developments  
May Be Result****MEN OF PROMINENCE  
MAY BE INVOLVED****Gompers Tells President of  
Plans to Cause Trouble  
In Munition Plants**

NEW YORK, Oct. 26.—The Federal government today took complete charge of the investigation of the gigantic German bomb plot involving Robert Fay, a former German army lieutenant, who confessed he had planned to dynamite ships carrying munitions for the allies.

On representations by Chief Flynn, of the Federal secret service, Fay and Walter Scholtz, his brother-in-law, were given into the custody of the Federal authorities by Magistrate Rander of Weehawken. Flynn told Rander that the "government's interests would be best served if the court should surrender the men immediately."

Paul Deache, another alleged conspirator, refused to waive his rights. His hearing is scheduled before the New Jersey Federal court. Fay and Scholtz are charged with violating the Federal laws, in attempting to destroy ships at sea.

**GOMPERS GIVES PRESIDENT  
DETAILS OF PLOTS**

WASHINGTON, Oct. 26.—President Gompers of the American Federation of Labor today laid before President Wilson the details of a new gigantic German plot to stop munitions manufacture in this country. He concealed the visit behind the statement that it "concerned labor legislation."

When asked point blank about the plot, Gompers said: "I can not tell anything except that I talked with the President regarding legislation as to labor matters."

From another source it was reliably learned that Gompers gave the President information regarding the Fay plot, and also exposed widespread activities of German agents in agitating workmen in munition plants.

**STARTLING DISCLOSURES  
MADE BY PRISONER**

NEW YORK, Oct. 26.—Dr. Herbert Kienzle was arrested last night in connection with the Fay plot, and made disclosures to Assistant United States District Attorney Knox which were immediately communicated to the Department of Justice in Washington.

Kienzle is reported to have implicated persons high in the German government. Also he is said to have mentioned prominent German-Americans. As a result a special deputy attorney general and investigators are coming to New York to prepare a special report for President Wilson and Secretary of State Lansing.

Five men—Robert Fay, Walter Scholtz, Paul Deache, Dr. Kienzle and Max Breitung—are charged in a complaint drawn by Chief Flynn of the United States secret service with piracy in port. All but Breitung are under arrest.

A secret service dragnet is out for the financial backers of the bomb plot. It was learned from authoritative sources today that Lieutenant Fay has spent \$30,000 in the past six months perfecting his plans.

**SITUATION PREGNANT  
OF COMPLICATIONS**

WASHINGTON, Oct. 26.—Sharp representations to Germany today appeared imminent as a result of the exposure of the Fay bomb plots. The situation is pregnant with possibility of another international difficulty, in view of Fay's statement that the German secret service approved his plans. Fay's statement regarding the source of his funds is scheduled to be probed.

**FORTY PER CENT  
VOTE BEING CAST**

SACRAMENTO, Oct. 26.—A light vote is being recorded throughout the state, despite good weather. Los Angeles, Riverside, Oakland, San Diego and other points in both ends of the state have reported that less than a forty per cent vote was polled, and in most places it is much smaller.

**SAYS CANAL MAY BE  
BLOCKED FOR A YEAR**

SAN FRANCISCO, Oct. 26.—P. Hinner, third officer of the steamer Columbia, arriving today from Panama, declared that Panama Canal conditions are worse than the officials will admit. He declared it would be lucky if traffic is resumed within a year.

**WEATHER**  
Fair tonight and Wednesday; westerly winds.**NEW YORK WOMEN  
MAKING DESPERATE  
FIGHT FOR SUFFRAGE**

NEW YORK, Oct. 26.—Big mass meetings in every city of the state are features of the women's desperate fight for suffrage for the last week of the campaign. Fifty thousand canvassers have been engaged for house-to-house visits, spreading the doctrine of equal suffrage.

The women intend to watch the balloting closely lest repeaters vote fraudulently. Several thousand women watchers are being coached on how to detect repeaters. Beginning at 10 o'clock this morning street corner orators opened fire. They intended to talk twelve hours straight.

**ROBBED AND STARVED,  
BUT GOT MILLION  
AWAY FROM MEXICO**

SAN FRANCISCO, Oct. 26.—Frank Perry, an American miner, arrived from Mexico today aboard the steamer Bessie Dollar. He told a story of robbery, murder and terror. He was caught between the Carranzistas and the Villistas. They grabbed \$75,000 from him, also huge quantities of food, and sacked his mines. He said his 600 Mexican miners nearly starved. Perry managed to rescue a million dollars.

**RIGID INVESTIGATION  
OF PITTSBURG BLAZE**

PITTSBURG, Oct. 26.—Federal, state and county officials today began an investigation to determine responsibility for the Union Box Company fire yesterday which caused the death of thirteen persons. They are seeking to ascertain who failed to enforce safety precautions, and as to why a fire alarm was not turned in promptly. Rotten fire hose is partly blamed for the tragedy.

**WEEK'S TRADE BALANCE  
WAS BEST IN HISTORY**

WASHINGTON, Oct. 26.—American exports last week totaled \$98,000,000, \$70,000,000 above the imports. This constituted the most favorable trade balance for the third week of November in the country's history.

**GIRL OF SEVENTEEN  
CONFESSES 8 HOLD-UPS**

EVERETT, Wash., Oct. 26.—Violet Udell aged 17, has confessed to being guilty of eight hold-ups. She declared that poverty drove her to banditry.

**GREATEST DRY FIGHT  
IN ITS HISTORY  
WARMS OHIO**

CLEVELAND, Oct. 26.—Ohio is in the midst of the greatest prohibition fight in its history. A week from today the voters will decide the question at the polls. Great orators, including ex-Secretary Bryan and ex-Congressman Hobson have stumped the state fighting liquor. Churches are hanging dry banners, while saigon windows and billboards tell of the alleged evils of prohibition. Last year Ohio voted wet by 85,000 majority.

**OREGON GOVERNOR  
URGES FLAX GROWING**

SALEM, Ore., Oct. 26.—Subjects ranging from "The Flax Industry in Oregon" to the duty of the state toward delinquent children were to be discussed by the Oregon Federation of Women's Clubs, which met here in annual session.

This afternoon Governor Withcombe was to point out how the flax industry could be developed here.

Miss Grace de Graff, of Portland, a delegate to the recent women's peace conference at The Hague, reported the accomplishments of the meetings.

**PLUCKY YOUNG WOMAN  
WORST TWO FOOTPADS**

LOS ANGELES, Oct. 26.—After a desperate fight with two footpads near her home last night, Miss Florence Sheldon of 1029 South Hope street forced the two men to drop her handbag, which they had snatched.

Darting out from a dark corner one of the men grasped the girl by the throat. The other jerked the handbag from her fingers. Immediately they released her the plucky young woman started in pursuit of the men. After a chase of two blocks she overtook them.

**VILLISTAS MASS  
BEFORE AGUA  
PRIETA FOR  
ATTACK****Twelve Thousand Troops Re-  
ported In Sonora, and  
Battle Is Expected**

COLUMBUS, N. M., Oct. 26.—Twelve thousand Villistas have entered Sonora, and are now in the neighborhood of Agua Prieta. An attack is expected at any time. Agua Prieta is Carranza's Sonora headquarters, and is commanded by General Plutarco Calles. It is one mile from Douglas, Ariz.

Fearing a Villa bombardment, Agua Prieta residents have fled across the border into Douglas. Officials fear the Villistas plan to attack the trains moving 5000 Carranza troops from Eagle Pass through Texas. American soldiers are patrolling the railroad.

**VILLA'S DYNAMITE  
SUPPLY GONE**

EL PASO, Oct. 26.—Gen. Francisco Villa will not use dynamite bombs in his attack on Agua Prieta. The only car of dynamite Villa has been able to get across the border was exploded yesterday near Casas Grandes as inexperienced trainmen were switching the car.

Official advices to Juarez state that many Villa soldiers were killed in the explosion which occurred while Villa troops were moving past the car on the march into Sonora. Six of the explosion victims, reportedly mangled but still living, were brought to Juarez on a special train. Others are en route, Juarez officials say.

**CARRANZA OFFERS TO  
BUY OFF VILLA**

EL PASO, Oct. 26.—It is reported that Carranza has offered Villa \$250,000 to quit Mexico. He stands ready to spend a million, it is said, buying off revolutionary leaders.

**FUNSTON IS GIVEN  
CARTE BLANCHE**

WASHINGTON, Oct. 26.—Secretary of War Garrison has authorized General Funston, commanding the border forces, to use any number of the 20,000 available troops to protect American lives and property at Douglas, Ariz.

**BASEBALL MAGNATES  
PLANNING CURB  
FOR MINORS**

CHICAGO, Oct. 26.—Minor League magnates will leave here Nov. 4, arriving in San Francisco Nov. 8, to attend the annual meeting of the National Association of Professional Baseball Clubs. The meeting is scheduled to curb minor leaguers' barnstorming trips. Comiskey has announced that the Sox spring training trip will last only thirty-two days. The program includes four days in California.

**GIRL WANTS TO PLAY  
FOR WILSON WEDDING**

WASHINGTON, Oct. 26.—Jessalyn Anna Payne, the eight-year-old daughter of Mr. and Mrs. M. N. Payne of Campbell, Mo., has come to Washington to ask President Wilson if she may play the wedding march at his marriage to Mrs. Norman Galt.

Although it has been announced semi-officially that the wedding will be quiet and private, thousands of dollars' worth of wedding gifts will be showered upon the White House couple. It is understood that President Wilson has asked that his friends refrain from raising funds for wedding gifts, but nevertheless the flood of subscriptions continues to rise.

**CHARLTON GUILTY,  
TO SERVE 29 DAYS**

COMO, Italy (Via Paris), Oct. 26.—Porter Charlton, the American who has been on trial here charged with murdering his wife in 1910, was last night condemned to six years and eight months' imprisonment.

The jury found Charlton only partly responsible and that there were extenuating circumstances.

Owing to amnesty, Charlton will serve only twenty-nine days in prison. Porter Charlton killed his wife in their villa on Lake Como on June 9, 1910. He was twenty years old and she many years his senior. At the time of the tragedy, she was Mrs. Neville H. Castle, a daughter of Henry H. Scott of San Francisco. Charlton's father is Paul Charlton, former federal judge of the District of Porto Rico.

**JOHN BEATTY IS  
SECRETARY OF  
THE ASYLUM  
BOARD****Santa Ana Man Draws a Posi-  
tion In Organization of  
New State Hospital**

At a meeting of the board of directors of the new State Hospital at Norwalk yesterday, John Beatty of Santa Ana was elected secretary-treasurer with a salary of \$70 a month. The work of the office will not be such as to take the appointee away from his business in Santa Ana only occasionally. It is understood that most of the work of the office can be done here.

The directors of the asylum for the insane that is to be established at Norwalk met about three weeks ago and elected Sidney A. Butler of Los Angeles chairman of the board. Yesterday Dr. W. B. Kern of Los Angeles was elected medical superintendent. He will be the executive of the board. John N. Anderson of Santa Ana, who resigned as state senator that he might accept the appointment as a director of the new asylum, was elected vice-president.

**JUDGE OSTER PURGED  
OF CRIMINAL CONTEMPT**

SAN BERNARDINO, Oct. 26.—Attorney Frank Oster of Los Angeles was purged of the charge of criminal contempt of court in the courtroom last evening in which he had presided as judge for eighteen years. Judge J. W. Curtis, Oster's successor on the bench here, declared it was evident the former jurist had not committed contempt of court in that the evidence was plain that he had advised his client, William F. Radis, also of Los Angeles, not to sell a \$35,000 orange grove in Colton in face of a restraining order from Judge Curtis. C. H. Elmendorf, who had in the property, was also held innocent by Judge Curtis, and the court finally dismissed the charge against Radis.

**EXECUTION STAYED  
IN MAMMILATO CASE**

SACRAMENTO, Oct. 26.—Governor Hiram W. Johnson reprieved Fernando Mammilato, under sentence from Alameda county to be hanged at San Quentin state prison. The execution was to have been carried out next Friday, October 29, and the reprieve extends Mammilato's life until December 10. The case has been submitted to the pardon advisory board for its investigation.

**HIGH PREMIUM PAID  
FOR HIGHWAY BONDS**

SAN BERNARDINO, Oct. 26.—That the half billion war loan by United States financiers has not impaired the financial market on the Pacific Coast was indicated yesterday when the county sold the remaining block of \$625,000 five per cent highway bonds for a premium that exceeds that of the first two blocks of the \$1,750,000 issue.

The Anglo and London-Paris National Bank of San Francisco bought the bonds.

**BANK CASHIER HELD  
ON FELONY CHARGE**

OAKLAND, Oct. 26.—John H. DeMartini, assistant cashier of the Danville branch of the San Ramon Valley Bank, was arrested last night on a warrant sworn to by N. S. Boone, president of the bank, charging felony embezzlement.

According to President Boone, \$5400 of the bank's funds disappeared from the vault some time between closing time Saturday, October 16, and Monday morning, October 18.

De Martini was released on \$10,000 bail.

**ROAD SURVEY STARTED**

VENTURA, Oct. 26.—The first work of surveying for the million-dollar county highway system began yesterday, when one crew started work on the road to Nordhoff and another on the Moorpark-Santa Susana road.

County Surveyor Pettit said that the board hopes to be able to let contracts for grading work on the highways this winter, and as soon as the winter rains are over the work of paving will begin.

**AVIATOR BREAKS NOSE**

SAN FRANCISCO, Oct. 26.—Charles Niles, an aviator at the Panama-Pacific Exposition, had his nose broken yesterday when he made a bad landing in the presence of many thousand school children, who were given a half holiday from the city schools to see Thomas A. Edison. Niles' aeroplane rolled over and Niles fell out when he unstrapped himself.

**\$10,000 FOR MATCH BOX**

ROME, Oct. 26.—The record price for a match box was paid yesterday by a lady in Turin. While the box was of the ordinary sort and cost only one cent, the lady paid \$10,000. The sale was made by a committee for the relief of crippled Italian soldiers.

THIS photograph shows a section of an enormous crowd of Greeks in front of the National Palace in Athens, just before the order for the mobilization of the army. King Constantin, who was reared in Germany and was trained in the German army, signed the order only after a long argument with the premier, following the mobilization of the Bulgarian army. The action of the premier in permitting the allies to land troops at Salonica with only a formal protest was sustained by parliament, but the king disagreed with Venizelos, and his resignation followed. Later all the members of the cabinet quit. Prince Nicholas, who is shown in the right hand insert, is now in charge of the Greek troops mobilized near the forces of the allies at Salonica. The left hand insert is Premier Eleutherios Venizelos, who has just resigned.

**AVIATION CAMP HEAD  
MUST EXPLAIN  
PAY CHECKS**

SAN FRANCISCO, Oct. 26.—Capt. Arthur S. Cowan, head of the San Diego Army Aviation school, is scheduled to testify this afternoon in the court-martial of Lieutenant-colonel Lewis E. Goodier, and explain why he drew "flying pay" for two years while unable to operate an airplane. Goodier is charged with altering the specifications in the complaint against Cowan.

**STRIKING MINERS TO  
TALK ARBITRATION**

CLIFTON, Ariz., Oct. 26.—Mass meetings have been called for today in Clifton, Morenci and Metcalf, to consider a plan of arbitration for settlement of wage differences in the strike of the employees of the Arizona, the Shannon and the Detroit Copper Companies.

The meetings are to be held under the auspices of the strikers. All citizens, as well as strikers, without regard for union affiliations, have been invited to attend.

Should the meetings approve the proposition, it is planned to submit it by telegraph to the managers of the mines, now at El Paso.

**CLEVELAND HAS ON  
HEALTH CAMPAIGN**

CLEVELAND, O., Oct. 26.—"Health Day" in Cleveland, celebrated here for the first time by any municipality, was so successful that it promises to become a state day by act of the Legislature. The city council disease prevention day committee will co-operate with the State Board of Health in getting an Ohio Health day.

Bringing the importance of disease prevention to the attention of the people municipality, it has been shown, will accomplish more in one day every year, than the preachments of thousands of individuals. Adoption of an annual health day by other cities and states and possibly by the nation, is expected to be the outgrowth of Cleveland's innovation.

Cleveland's first health day is being followed up with a publicity campaign. Thousands of health rules have been distributed in pamphlet form. These rules were written by Dr. Ford of the Health Department. Moving picture theaters, newspapers and other publicity agencies are co-operating in the work.

Any individual who wants to know what to do to regain or conserve health has only to let the proper authorities know the desire and individual advice, free, is given that person at once.

Next year's Health Day will be celebrated not only through publicity and speeches, but with brass bands and a big parade.

**REGISTER TO GIVE  
ELECTION RETURNS**

Tomorrow night the Register will give out election returns by telephone and bulletins in the window at the Register office.

Also at the Lyceum Course Entertainment at the Opera House—the "Kellogg-Haines" party.

Three phones will be in service at the Register office. On Sunset call either 4 or 79. On Home call 409.

**POLICEMEN HELD  
ON MURDER CHARGE**

LOS ANGELES, Oct. 26.—William M. Cahill, police sergeant, and Samuel Shammoo, patrolman, yesterday were charged with murder in a complaint issued by Claire Woolvine and J. W. Joos, deputy district attorneys. The complaint is based on the death of Charles C. Nolen, a 17-year-old boy, who was shot and killed Friday by one of the two officers.

A warrant for the arrest of the defendants was issued promptly by Justice Summerfield and the policemen were placed under arrest by Constable George Lyons. The arrests were made at the city jail, in which the men had been held for some hours on the orders of Claire Nively, chief of police.

The preliminary examination of the defendants was set for tomorrow afternoon at 3 o'clock, and Cahill and Shammoo were committed to the county jail without bail.

Attorneys Ford and Dominguez made a hard fight to obtain the release of the policemen on bail, but the district attorney vigorously opposed this. He said that, in view of the circumstances surrounding the affair, especially the fact that eight shots were fired by the officers, he thought that no special favors should be shown them. The court upheld his view.

The issuance of the complaint followed the report of a coroner's jury that the officers were guilty of unjustifiable homicide. The complaint was sworn to by Mrs. Jessie Nolen, mother of the slain boy.

**METHODIST BISHOPS  
MEET AT SAN DIEGO**

SAN DIEGO, Oct. 26.—The Board of Bishops of the Methodist Church throughout the world will convene here tomorrow. Twenty-four delegates are expected.

**NO MEN PERMITTED  
AT THIS CONVENTION**

SAN FRANCISCO, Oct. 26.—The National "P. E. O." one of two secret and benevolent orders of women in the world, not an auxiliary of women organization of men, met at the exposition today. The order, started as a college sorority, now has a membership of more than 25,000 in the United States alone. Its objects are philanthropic and social, including loans to girls who desire a college education but have no security.

**RUMORED GREEK  
PREMIER AND  
ASSOCIATES  
ARE OUT****This Would Mean Country  
Go At Once To the Aid  
Of the Allies****ALL GERMAN PARTIES  
TACKLE FOOD PROBLEM****Kaiser and Gerard Hold Satis-  
factory Conference On  
Differences**

ROME, Oct. 26.—It is rumored here that Premier Zamboni and the Greek cabinet have resigned. If this is true it means that the war party has triumphed and that Greece will immediately join the allies.

The Greek legation has so far failed to confirm the report.

**GERMAN FOOD PROBLEM  
GROWS IN MENACE**

COPENHAGEN, Oct. 26.—Confidential Berlin advices say that all the Reichstag parties will meet tomorrow with Von Bethmann-Hollweg to discuss the difficult problem of feeding Germany. The news indicates an extremely delicate situation.

**GERARD CONFERS  
WITH KAISER**

BERLIN, Oct. 26.—American Ambassador Gerard and Kaiser Wilhelm today discussed the whole German-American situation. Gerard indicated that the hour's conference was satisfactory. He has mailed a report to President Wilson.

**MAY BE DIPLOMATIC  
BREAK WITH GREECE**

LONDON, Oct. 26.—The Central News hints that a diplomatic break between Greece and the Allies is a possibility if Greece interferes with the allied Balkan operations. An Athens dispatch says the Allies have banned the Greek premier an official note containing such a threat.

**BOMBARDMENT WRECKED  
DEDEAGHATCH**

BERLIN, Oct. 26.—Sofia has admitted that the allied fleets' bombardment of Dedeghatch destroyed most of the town and killed many soldiers, as well as twenty-five women and children. Many are believed to be buried in the ruins. Great resentment is expressed over the attack on an unfortified town.

**ALLIES' OFFER TO  
GREECE HAS LAPPED**

LONDON, Oct. 26.—Addressing the House of Commons, Sir Edward Grey, foreign minister, said the allies' offer to cede the Isle of Cyprus to Greece in return for war aid had lapsed because of the Greeks' refusal to help Serbia.

**GERMANS CAPTURE  
SERBIAN TOWN**

BERLIN, Oct. 26.—It is officially announced that the Germans have captured the northern slopes of the Raca valley, south of Palanka, also several other towns, routing the Serbians.

**TWO CITIES RAIDED  
BY AVIATORS**

ROME, Oct. 26.—The Austrians again raided Venice with airships last night. They dropped bombs on the city. Several were injured.

**AMSTERDAM, Oct. 26.—Italian  
aviators' bombed Trieste. They  
killed two and wounded twelve.****O'CONNOR NOT ALLOWED  
LANDING IN ENGLAND**

LONDON, Oct. 26.—Michael J. O'Connor, who arrived in Liverpool Sunday from New York, was not allowed to land. He will be deported as an undesirable alien. O'Connor carried a regular American passport. He is suspected of Fenianism.

**ZEALANDIA LOCATED  
WITH PEACEFUL CARGO**

WASHINGTON, Oct. 26.—The American vessel Zealandia which has been under investigation by customs authorities on charges that she had fitted out as a German sea raider when she sailed from Pensacola on Oct. 7 for Tampico, Mexico, has been located by British agents at Campeche, Mexico, with a cargo of resin.

**REGULAR DIVIDEND BY  
STEEL CORPORATION**

NEW YORK, Oct. 26.—The directors of the United States Steel Corporation today declared the regular quarterly dividend of 1 1/4 per cent on the preferred stock. They took no action regarding the common stock.

**JAP DIPLOMATIC SHAKE-UP**

TOKIO, Oct. 26.—As the result of the appointment of Baron Ishii, ambassador to France, to the ministry for foreign affairs there are to be great changes in the Japanese diplomatic service. The list of new appointments will be officially announced November 1.

# Double Stamps Tomorrow Wednesday October 27th

## NEW CHURCH IS NOW FULLY ORGANIZED

Last Sunday at the 11 a. m. o'clock service at the Richland Avenue M. E. Church, the organization of this new church was completed. After an eloquent and masterful sermon by Dr. Alfred Inwood forty persons came forward and were duly enrolled as charter members of this church. The new members then voted to have the church called the Richland Avenue Methodist Episcopal Church. Steps were taken to incorporate at once and the following official board was elected: Trustees, L. A. Newman, G. A. Barrows, Rev. Edward Lee, Mayor A. J. Visel and Attorney S. M. Davis. Stewards—G. A. Barrows, Wm. T. Rutledge, Jesse Albright, Mrs. Leila M. Van Doren, Chas. H. Drown, H. M. Gray, Mrs. Iva Webber, R. S. Sumner, Wm. O'Brien and J. A. Becker. G. A. Barrows was elected church treasurer. Fine congregations were present both morning and evening. The pastor and people of this church will take an active part in the evangelistic services to be held in November and December by Rev. Price and Rev. Guice in this city.

## WILL PLANT TREES ON POLY GROUNDS

At the meeting of the Board of Education last night it was decided to purchase a quantity of young trees and shrubbery from the county nursery to be used in beautifying the high school grounds. It is the purpose of the board to make these extensive grounds into something like a park, which will not only be an ornament to the city, but will make the grounds much more pleasant for the students. A competent landscape engineer is to be put in charge of the work.

**DANCING CLASSES**  
Miss Helena F. Browning is forming adult beginners' classes at Elks' hall, Santa Ana, on Wednesday evening at 7 p. m.; advanced 8:30 p. m.; juvenile classes at 4 p. m. Ten lessons, five dollars.

**Ladies' Tailoring.** Fall fabrics and fashions arrived. Chas. Land, 306 Bush

That is what is said about this ready roofing, by those who use it, because it is practically indestructible. It makes any building immune against every enemy that can attack a roof.

## J-M ASBESTOS ROOFING

is a combination of the famous Asbestos (rock) fiber and the great weather-proofer, Trinidad Lake Asphalt. Fire, time or weather cannot affect it. It will stand for any length of time fire tests that would destroy in a few minutes any of the so-called fire resisting roofings. J-M Asbestos Roofing never requires painting, graveling or repairing. It saves money and worry from the day it is laid. Write or call for Samples of this Roofing and Booklet.

**For Sale By Griffith Lumber Co.**

## MEXICAN CARRIES \$400 IN HEELS OF HIS SHOES

HUNTINGTON BEACH, Oct. 26.—A Mexican who did not give his name, called at one of the local cobbler's shops the other day and asked the proprietor, John McCain, if he could put some \$20 gold pieces in the soles and heels of his shoes. The shoemaker replied in the affirmative and the Mexican thereupon produced fourteen \$20 gold pieces, which were placed in holes made for the purpose in the soles. Later in the day he returned again with another pair of shoes and six additional gold pieces of the same denomination. No explanation was given by the Mexican for his peculiar actions and his purpose therefore remains a mystery. However, he is undoubtedly his own banking house and can easily carry his repository around with him.

## Real Estate Transfers

(Furnished by the Orange County Title Co.)

October 25, 1915—Deeds  
Lillian E. Fulton et conj to A. J. Lasby et ux—10 acres in southwest quarter section 6-5-9; \$10.

**GET RID OF THOSE POISONS IN YOUR SYSTEM!**

You will find Dr. King's New Life Pills a most satisfactory laxative in releasing the poisons from your system. Accumulated waste and poisons cause manifold ailments unless released. Dizziness, spots before the eyes, blackness and a miserable feeling generally are indications that you need Dr. King's New Life Pills. Take a dose tonight and you will experience grateful relief by morning, 25c.

## SOON TO START WORK ON NEW FIRE LINE

Forest Ranger Will Cut Strip On Ridge Between Hot Springs and Bell

Forest Ranger J. B. Stephenson of El Toro was in town today completing arrangements for starting work on a fire line between Hot Springs and Bell canyons Nov. 1.

This fire line will carry with it a trail along the top of the ridge. Brush will be cleared away and the trail built so that in case of fire fire-fighters will be able to get to the top of the ridge and from it start back-fires, if necessary.

In the last two years a good many miles of fire-breaks have been cut on the top of the Santa Ana mountains, and it is proposed to continue that work this winter. Stephenson expects to take the ridge between Ladd and Silverado canyons for the next fire line work after the line between the Hot Springs and Bell canyons is completed.

## NON-PARTISANISM SUBJECT OF PAPER AT MONDAY CLUB

P. L. Tople Gave Good Reasons For His Convictions; Majority Votes "Yes"

The Monday Club held a most interesting meeting last evening at library hall, Prof. H. O. Eggen, the president, in the chair.

After the usual business session, the paper of the evening entitled "Non-partisanship and State Elections," was given by P. L. Tople, and was a very interesting and instructive explanation of one of the propositions to be voted on today. Mr. Tople upheld non-partisan principles, showing that this was the next step in real democratic government and to give the people an opportunity to realize the responsibility in government.

A very lively discussion followed the paper and it was the consensus of opinion that the non-partisan law was the best and the majority of the members would vote for it, and that it was a most important step in state government.

Mr. Tople showed very clearly that there is nothing new or strange in the non-partisan principle as applied to California. There are in California today about 16,000 political offices that are already non-partisan, city, county, school and district; and the proposed law would add to this number seven remaining state offices, four members of the Board of Equalization and the members of the state legislature, making a total of 131 to be added. The number of offices already non-partisan, therefore, comprises over 99 per cent of all the political offices in the state. There is certainly nothing revolutionary in the proposal to include the remaining one per cent.

The speaker pointed out very plainly that the new law does not do away with national parties, in fact specifically recognizes and sanctions political parties by declaring "that the office of the United States senator, representative in Congress, congressional committee, delegates to national party convention and presidential elector shall be partisan."

The reason for this separation of state offices from national party organizations is simply because state affairs are matters of business, requiring personal integrity, efficiency and fitness on the part of those who hold office, while national issues are concerned with questions of policy, such as the tariff, the currency, and the many complex problems of international relationships.

Mr. Tople, in reviewing the history of American municipal and state politics, showed how the party system had developed the iniquitous "hy-partisan" political boss. This "invis-

ible government" which controlled our cities and states, forms a shameful chapter in American political history.

Twenty years of non-partisan rule in our cities have demonstrated the wisdom of the change. Today we are electing 2300 officers in the state, without counting city officials, on the non-partisan basis. Why should we not elect the eleven state officials and the legislature by the same method? We cut the last cord that bound states to political parties when we added the XVI amendment to the constitution of the United States. Mr. Bryce recognized this fundamental principle twenty years ago when he said in his "American Commonwealth": "It may be readily conceded that our national government is maintained upon a party basis and will probably remain so, but no greater fallacy was ever devised than the dictum that national parties depend for their existence upon the existence of similar parties in the states. On the contrary it would seem self-evident that those charged with the government of our local institutions should logically be chosen because they are honest and careful men rather than because they hold Democratic or Republican views in national politics."

The addition of a few offices (131) to the non-partisan law cannot possibly affect national parties in any particular in California. To inject national parties into local or state affairs is to inject a false issue, which is injurious to both those affairs and to the parties themselves. To remove this false issue is to help the parties instead of hurting them.

Dolls of all sizes and prices will be for sale at Elks' hall Nov. 3 and 4 at the Catholic bazaar. Take the kids to see them.

## AMUSEMENTS

### LYRIC THEATER

"The Wolf of Debt," that big four-part masterpiece picture, featuring the new idol of the screen, Violet Mercereau, and handsome Wm. Garwood, is the main headline at the Lyric Theater today and the same picture will also be presented on Wednesday. It is a splendid production—one that would go on its wonderful settings alone. There is a lot more to it than that. To be sure, one of the big punches is accomplished by means of night photography in a rain storm, but the story is there all the time. Handsome "Billy" Garwood, as the deserted husband of pretty Violet, shows himself much of a man, and will win your applause when he chases the runaway wife and her lover on foot through a terrible storm. It's a splendid production. The added feature will be two rapid-fire comedies.

For these two days the Universal Company has sent Manager Knapp a limited number of free admission tickets to Universal City, which will be given with each paid admission. Tickets are good until January 1, 1916. The regular price of admission to Universal City is twenty-five cents.

**At Clune's**  
Dainty Marie Cheville in her visions of the dance is a novel creation and was a sure enough applause winner. The Yorktown Duo entertain and amuse in their ideality entitled "A Medley of Vaudeville."

**Bessie Barriscale in New Role**  
As Doris Willard, the country lass, who goes to college, and wins the love of "Bullet" Dick Ames, the football champion, Miss Barriscale strikes a new note in motion picture portrayal. Her winsome personality and fine acting go far to make "The Mating" a film success.

A real football game is one of the best scenes in "The Mating." In order to obtain the proper setting, Mr. Ince, who personally directed the production, used a college stadium, employed the services of two varsity eleven, and gave Lewis J. Cody, who plays "Bullet" Dick Ames, a place on the squads.

Lewis J. Cody, who supports Bessie Barriscale in "The Mating," a five-part Masterpiece produced by the New York Motion Picture Corporation, was well known during his college life as a football star, having played in several championship games. On one occasion during a spectacular end run Cody was tackled and so badly hurt that for a time it was thought he was permanently injured. A robust constitution, however, aided by expert medical attention, brought him around after some months. Tonight and tomorrow night only.

Kid Gloves on sale at Gilbert's. Washable. Capes splendid quality. Take only. All sizes now on sale \$1.00 a pair. Come and see at Gilbert's.

Wanted—Walnut meats at the Dragon.

## NEB HOLDERMAN NAMED SECOND LIEUTENANT

At the meeting of Company L last night, Musician Neb Holderman was elected Second Lieutenant to succeed J. Howard Turner, who resigned a few weeks ago. There were four candidates for the position, the others being Sergeants A. K. Ford, Chester Stearns and Frank Walton.

The election developed quite an exciting race, finally narrowing down between Holderman and Ford. On the final vote Holderman had 22 votes and Ford 17. Holderman will go to Los Angeles in a few weeks to take his examination for promotion.

The election was in charge of Major Hutchins of Los Angeles.

Previous to the election the members of the company held a conference at which it was found that Holderman was the choice of a greater number of members than any other man. There was the best of good feeling throughout the conference, no strife being stirred up in the consideration of a selection of a man to fill the vacancy.

Holderman has been in the guardsmen service for nine years, as musician. At one time he was drum major of the regiment and again he was principal musician of the regiment, ranking as sergeant. The fact that he is elected second lieutenant speaks for his popularity among the members and his efficiency in the capacity in which he has served.

## FIFTEEN SACKS OF BEANS ARE STOLEN

Last night fifteen sacks of beans were stolen from E. M. Redmond's ranch, three and a half miles southwest of Santa Ana. The beans were taken from a field where threshers were at work yesterday. Deputy Sheriff Cravath made an investigation. He followed wagon tracks along the roads to Delhi, and there the tracks were lost among the numerous other tracks.

## TWO CHILDREN HAD CROUP

The two children of J. W. Nix, merchant, Cleveland, Ga., had croup last winter. One was a boy of 6, the other a girl of 8 years. Mr. Nix writes: "Both got so clogged up they could hardly breathe and couldn't talk. I gave them Foley's Honey and Tar and nothing else and it entirely cured them." This reliable medicine should be in every home for it gives immediate relief from colds, coughs and croup, heals raw inflamed throat and loosens phlegm.—Rowley Drug Co.

## RHEUMATISM AND ALLIED PAINS—THEY MUST GO!

The congestion of the blood in its flow causes pain. Sloan's Liniment penetrates to the congestion and starts the blood to flow freely. The body's warmth is renewed, the pain is gone. The "man or woman who has rheumatism, neuralgia or other pain and fails to keep Sloan's Liniment in their home is like a drowning man refusing a rope." Why suffer? Get a bottle of Sloan's. 25c and 50c. \$1.00 bottle holds six times as much as 25c size.

## Mr. Professional Man Are You Your Own Janitor?

Have you swept out your office this morning?  
How soon are you going to wash the windows?  
These cool mornings will necessitate a fire?

The tenants of the W. H. Spurgeon Building do not have to give the above questions a thought. Each morning when they turn the key in their office door they walk into a clean office; one that the janitor has just left. Should the mornings be the least bit cool, the temperature of the room has been regulated to the right degree by the means of steam heat.

Comfort, Convenience and Service our motto.

**W. H. Spurgeon Realty Co.**

**WORTH ITS WEIGHT IN GOLD**  
is the box of fine candy you get here. Worth it because each piece of the candy is a lump of the sweetest pleasure. Worth it because it is as wholesome as it is delicious and that is saying a lot. Worth it because the pleasure you can gain by the purchase of a box is "above gold and beyond rubies."

## AT THE COURTHOUSE

YESTERDAY THE  
BIGGEST DAY  
RECORDER'S  
OFFICE

Documents Taken Over the  
Counter Numbered 94,  
Setting Record

A new record in business was set yesterday by the county recorder's office. On that day ninety-four documents were turned over to the recorder, Miss Justine Whitney, for recording. The biggest day's business ever received previous to yesterday was on February 1, when ninety-three documents were received. However, over thirty documents on that day were mining locations, and yesterday's business was in reality a great deal the biggest of the two days.

Miss Whitney has an excellently organized force of deputies, and is carrying on the work of the office with commendable accuracy and dispatch.

## For Administration

Public Administrator T. A. Winbiger has applied for letters of administration upon the estate of Mrs. Belle W. Brace, who was killed at Anaheim on September 22 when she thoughtlessly stepped from a moving automobile. Special letters were issued to the public administrator nearly a month ago. The petition, filed by Attorneys Tipton & Cailor, states that the estate is valued at \$20,000. Two heirs are known to the public administrator. One of them is Ralph Walling of Rochester, N. Y., a cousin of the deceased, and a Mr. Rayno of Victor, N. Y.

Attachment Case  
Yesterday there was recorded notice of attachment in a case in which

AN EASY WAY TO GET  
FAT AND BE STRONG

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams" or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

There is a preparation known to reliable druggists almost everywhere which seemingly embodies the missing elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This modern treatment is called Sargol and has been termed the greatest of flesh-builders. Sargol aims through regenerative, re-constructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to the starved, broken-down cells and tissues of your body. You can readily picture what result this amazing transformation should produce as with increased weight the cheeks fill out, hollows about neck, shoulders and bust disappear and from 10 to 20 pounds of solid, healthy flesh is added to the body. Sargol is absolutely harmless, inexpensive, efficient. All leading druggists of this vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

NOTE:—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported care should be taken about using it unless a gain of weight is desired.—Advertisement.

## IN THE JUSTICE COURT

BOY HIT BY AUTO  
SAN DIEGO MAN IS  
PUT UNDER ARREST

Declares He Is Not Guilty of  
Having Cut Around Wa-  
gon On the Road

Following an accident that occurred near Westminster, a warrant was issued for the arrest of T. A. Stevenson of San Diego. Stevenson's automobile struck a bicycle ridden by Juan Ferniz, a Mexican boy. The boy was badly shaken up and severely bruised, but his injuries are reported not to have been serious. The complaint was sworn to by F. C. Felix of Westminster.

According to the story told at the district attorney's office, Stevenson in his automobile cut around a wagon on the road ahead of him, when the boy was approaching on a bicycle within 300 feet of the wagon. Stevenson pleaded not guilty to the charge, and his trial was set for November 22 before Justice Cox.

## Cases Are Set

Yesterday afternoon Justice Cox set two cases for trial. Fernin Rubalcada, a Mexican who was struck on the head with a hatchet by F. M. McDonald of Bolsa, pleaded not guilty to battery upon McDonald, who states that the Mexican first attacked him with a club. Rubalcada's trial was set for November 9.

Theo. Villa, charged with stealing a sweater, pleaded not guilty, and his attorneys, Weisel & Dutton of Anaheim, asked for a jury trial. The trial is set for November 8.

## Charge of Fraud

H. L. Delaney of Brea has sworn to a complaint charging W. Decker with defrauding him of a board bill.

FREIGHT HANDLERS ON  
STRIKE IN BOSTON

BOSTON, Oct. 26.—Efforts of Mayor Curley to stop the strike of 1500 freight handlers failed, officials of the New York, New Haven & Hartford, the Boston & Albany and the Boston & Maine Railroads refusing to enter a conference with their former employees. The strikers stated that they were willing to submit their demands for wage increases and reduced working hours to arbitration.

## WILL FLY FOR PRIZE

REV. SCARBOROUGH  
IS TRANSFERRED TO  
ARIZONA DISTRICT

No Appointments Are Made  
For the Santa Ana and  
Talbert Churches

Rev. D. Scarborough will preach his farewell sermon on next Sunday at the Supreme Memorial South Methodist Church, as he has been transferred to Arizona and made a presiding elder with headquarters at Phoenix. He will leave the latter part of next week.

No successor to Rev. Scarborough has been appointed as yet, as there is no one available in this conference and one will have to be drawn from another district. The pulpit, however, temporarily will be in charge of Rev. R. R. Raymond of Santa Ana. Bishop Lambuth and Dr. Marshall, both of Los Angeles, will have charge of the services for a Sunday.

Rev. Scarborough and his family have made many warm friends during their residence here and while they will be missed, their hosts of friends will congratulate him upon his promotion.

At the South Methodist Conference held at Pomona no appointment was made for Talbert. A pastor for that church will be supplied later. Rev. A. B. Waldrep, who was pastor at Talbert last year, has been transferred to the Western Oklahoma conference. Rev. R. H. Obar was named as pastor at Old Newport.

Enrollments are now active at the  
Orange County Business College.

A CHILD HATES OIL,  
CALOMEL, PILLS FOR  
LIVER AND BOWELS

Give "California Syrup of Figs," If  
Cross, Sick, Feverish,  
Constipated

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Advertisement.

VOTE VERY LIGHT,  
ABOUT A FIFTH  
OF IT WOMEN

Indications Are That Not 20  
Per Cent of the Voters  
Go to Polls Today

An extremely light vote is being cast in this county in the amendment election today. In Santa Ana not over twenty per cent of the vote will be out, according to indications up to 2 o'clock this afternoon.

A feature of the vote is that but few women are going to the polls. It looks as though not over one-fifth of the voters going to the polls here today are women.

In Precinct No. 10 (pooping place, Armory) with a registration of 580, only 68 had voted up to 1:30 o'clock, and of that 68 only fourteen were women. In Precinct No. 7 (polling place, city hall) with a registration of over 500, there were 52 votes cast of which ten were by women. No. 1 at 1:30 had forty-eight votes cast out of a registration of 400.

The vote is even lighter in the country districts, than it is in Santa Ana.

JITNEY TURNS  
OVER ON SIDE

Two El Toro Automobile  
Stages Have Wheels Dam-  
aged In Accidents

The last two or three days have been rather an unlucky period for El Toro automobile stages. Fortunately, no one was injured in the smashes. Sunday afternoon about 4 o'clock A. A. Avery's jitney driven by Carl Edgar, turned over at the corner of North Main and Nineteenth streets, Santa Ana. Edgar was driving on Main street when a big automobile was coming toward Main on Nineteenth. Edgar thought the big machine was going to proceed, and swung in. Instead of going out on to Main street the big car halted. Edgar had to run into the big machine or into the curb. He took the curb. One wheel of the jitney was smashed off. The momentum was just enough to throw the car on to its side and Edgar and his one passenger rolled out easily.

Saturday night a stage belonging to W. E. Beckwith of El Toro was hit by an automobile on the state highway between Irvine and El Toro. One wheel of the jitney was smashed.

BOOTLESS RUSH  
FOR CLAIMS ON  
IMPERIAL LANDS

LOS ANGELES, Oct. 26.—Hundreds of men are camped upon the 7805-acre tract in the Imperial Valley, whose restoration to entry was announced yesterday by the local land office, and the locations, following the wild rush from valley towns, have produced a clashing of interests which in some cases are said to be tense.

The conflict of claims already has resulted in a number of fist fights, rough and tumble work, threats of eviction, which imply the use of something more conclusive than physical prowess and many ingenious schemes to lure squatters away.

But the gasoline used up in the stampede from the several towns of the valley, the horseflesh pressed to the limit, all the swear words and black eyes and hardships of camping out and the suspicion of neighbors, all, apparently, will go for nothing in many cases.

The land has been restored for entry by an order from Washington, but will not be open for entry until December 29. The closing date is set at January 18.

A number have established themselves there in the last six years, built cabins and installed improvements, but they conform to the government regulations and regularly make their filings.

All of the land, comprising 7805.21 acres, is under the East High Line Canal, and lies east of Niland, Brawley and Holtville. It affords farming possibilities precisely the same as exist in other parts of the valley and every holding will, therefore, be a prize.

Those who have spent money and labor on the land they have been holding are expected to adopt every expedient to keep it, and the government, therefore, looks for many complicated and protracted legal contests to grow out of the situation.

## COLORADO REACHES PORT

CHARLESTON, S. C., Oct. 26.—The steamer Colorado, badly damaged by fire, has been towed into port. Her upper structure was destroyed.

## "Wayne Knit"

—"Wayne Knit" is the standard of hose quality.

—We buy "WAYNE KNIT" direct from the mill, which, by the way, is the largest hosiery mill in the United States.

—The famous "Pony Brand" hose are Wayne Knit. Ladies' hose are branded "WAYNE KNIT." Let us show you its superior quality.

KEECH CHOSEN  
LAWYERS' HEAD

County Bar Association Held  
Annual Election of Of-  
ficers Last Night

The Orange County Bar Association held an election of officers at a meeting held last night in Judge West's courtroom. The officers elected are: President, E. E. Keech, Santa Ana; first vice-president, C. R. Allen, Fullerton; second vice-president, E. J. Marks, Fullerton; third vice-president, W. M. Brown, Orange; secretary, J. C. Burke, Santa Ana; assistant secretary, John Clarkson, Santa Ana; treasurer, H. C. Head, Santa Ana.

About once a year the attorneys of the county have a banquet, a function that is always thoroughly enjoyed. The next banquet is to be held during November. Lee A. Daniel, S. M. Reinhaus and W. W. Simon were appointed as a committee to take charge of the arrangements for the affair.

It was decided to seek affiliation with the State Bar Association, and H. J. Porgy, Judge W. H. Thomas and H. G. Ames were named as a committee to secure membership in that association for the Orange county association.

SUSPICIOUS DRIVERS  
HELD AT OCEANSIDE

Two automobiles, passing through San Juan Capistrano this morning, looked suspicious to Walter Congdon, who resides in the Mission town, and he telephoned to Sheriff Jackson.

The drivers purchased gasoline for one of the machines and carried it down the road instead of going into the garage.

Deputy Sheriff Cravath headed the autos off at Oceanside and the men were held pending an investigation.

It was found that one of the machines is wanted in Los Angeles and Deputy Harry Wright of that city has gone to Oceanside to look up the matter.

## MINISTER GIVES TESTIMONY

The Rev. C. M. Kington, Havana, Fla., writes: "For three months I suffered intense pain in kidneys and back, which at times laid me up entirely. I read of Foley Kidney Pills and after trying various remedies without result I decided to try the Foley treatment. I was relieved almost with the first dose and it is a fact that I used only 1½ bottles when all of the pains disappeared. I am 55 years of age and now feel like a young man again.—Rowley Drug Company.

Now is the Time to Buy

## TAKE THE CURE

Some evening when you're feeling particularly cheery, take the cure.  
Go into the back yard to look at the stars.

If the moon is out, study her.  
Listen to the crickets.  
If the mocking bird sings, give ear to him.

Look at the stars and moon again.  
Get it into your head that a great many of the stars are a great many times larger than this earth, of which you are so infinitesimal a part.

Recall that the crickets consider themselves just as important as you consider yourself.

Remember that the mocking bird thinks he is some fellow.

Don't let it escape your attention that you have no way to get to the moon—even though you are a very important individual who is feeling particularly cheery this evening.

But at the same time keep on working and trying to amount to something, for the day is coming when man shall go to the moon, maybe; and understand the stars better, perhaps—and even learn how to live properly and correctly; and forget how to hate, and learn how to love everybody and everything.

## TWO MEN

The man in rags wonders why the other has prospered and grown wealthy while he has grown poorer and poorer.

Twenty years ago they both had the same opportunities. Twenty years ago they were both young men beginning the battle of life.

But twenty years ago the man in rags did not take that battle seriously. He thought he could fight unprepared. He was always late on the job, he was always first to leave, he was sometimes surly and sometimes discourteous, he frivolized away his earnings, he was often in debt; there was no need for him to worry, thought he, for was he not young and hadn't he lots of time?

He didn't know habit was fettering him; he didn't know debt was chaining him.

The other man did take this battle of life seriously. He was always on the job ahead of time, always the last to leave; while the man in rags was squandering his earnings he was saving them; while the man in rags was in the grasp of debt he had a savings bank book. While the man in rags thought "there's lots of time," he thought there wasn't enough.

The man in rags probably hasn't learned yet, even though he thought he had lots of time. He wonders why. You can be either of these two men, young reader. Which one do you choose to be?

Enroll now, day or evening, at Orange County Business College

**BEFORE AND AFTER**  
"Why, Sharpe, I'm glad to see you so lively again. You were quite lame when I last met you."  
"Oh, yes; I was awfully lame then. But that was before I got a verdict of \$1000 against the railway company."—Chicago Herald.

## TEACHERS' PRAYER

At the season when teachers in public schools begin another session's arduous and exacting duties, the publication of the appended "teachers' prayer" is altogether appropriate. It was addressed by a South Carolina girl to a former minister, and was published in the Philadelphia Public Ledger. It was a petition that a prayer might be offered in her behalf; "a prayer for love;" "a prayer for patience;" "a happy heart;" "right judgment;" "and that I will be worthy their wonderful love, and that I may repay them tenfold." The letter is printed without alteration:

"If you have a few moments alone, you might offer a prayer for teachers and a little prayer for me.

"First. A prayer for love—that my heart would be filled with love to guide those little hearts and minds aright, to give them a start, a gentle, loving beginning on that wonderful long road of 'learning,' so they will see and know the beautiful things around them. To hold the little hands firmly, so the little feet won't slip; so they will know there's some one near to help them over all the rough places.

"Second. And, oh, a prayer for patience! Patience with the love to lead carefully the quick ones; to stand by those who plod; to go back cheerfully and help those who are slow!

"Third. Ask him to give me a happy heart—they need it and need it so; to know just when to laugh; to teach them to see the funny things; to help them to have all the fun they can.

"Fourth. And pray that I'd have a right judgment—a fair and square judgment in all things—in the smallest thing, for little things mean so much to little people. Help me to understand their little troubles.

"Fifth. And, finally, pray that I will be worthy their wonderful love and that I may repay them tenfold. In other words, ask him to give me love and patience, courage and strength—a big heart, a right judgment, a helping hand and I shouldn't forget, a soft, gentle voice. Those are some of the things I need to pray for. I am so willing to do and I'll do my best, but I can't do it for some days. There ought to be a special guardian angel to watch over and help teachers. Children are such queer little things—they ought to have the best women that live to guide them. Oh, if I could only know how to teach them what is good and best and true—if I could only help them on to better things! Well, I'll do my very best, by the help of God!"—Exchange.

Dentopathy, Dr. C. V. Billingsley, D. O., M. D., 432-436 Spurgeon Building, Phone 868 W.

Dr. Jacobs, Santa Ana Painless Dentists, 102½ East Fourth, Phone 253. Temporary address 111½ East Fourth.

## IMPORTANT NOTICE

To All Readers and Patrons  
Of the Register

## THE REGISTER'S PHONE

Business Office or General Purpose Phone, FOUR (4); City Editor's Room, SEVEN NINE (79).

Job Printing Department (Mr. Flagg or Mr. Campbell), ONE, ONE, SEVEN (117).

The rapid and continuous growth of the Register's business has made it necessary to install two (2) new main telephone lines, a total of three (3) main lines of the Sunset System.

Our old number (4) is the business office. Call FOUR for any business connected with circulation, advertising, accounts or general business, or when the editor and manager is wanted personally. Also call Four when you can't get response on either of the other phones.

One of these is 79, and it is in the City Editor's room. Call 79 for City Editor, Sporting Editor, Society Editor, or for Mr. Stephenson, Mr. Reuter, Mrs. Lopez individually.

For the job printing department or for Mr. Flagg or Mr. Campbell call 117.

And remember when 79 or 117 does not answer, call FOUR.

PLEASE make a note of these new phones in your telephone directory and be governed accordingly.

The Home phone is unchanged—409.

**A PINE WHOOPING COUGH REMEDY**  
Mothers, Dr. Bell's Pine-Tar-Honey is just the remedy for your children's cold ailments. The fact is that pine is a quick enemy of cold conditions. Its qualities loosen the mucous in the throat, soothe the lungs and open up the air passages. The combination of honey, soothing and pleasant, with the loosening pine quality makes this an ideal cough remedy for children. Each passing year brings for it new friends. A family of growing children cannot afford to be without it. 25c a bottle.

**TRENCHES IN WAR**  
The Romans, who were the first to make war a real art (if one forgets a certain Alexander), were in consequence the first to use trenches. Their main line of intrenchment ran across southern Germany from the east bank of the Rhine to near the present Stuttgart.

You get the news in the Register while it is NEWS.

## PRAYER FOR THE AGED

(Dr. Archibald Alexander, for a long time the president of Princeton Seminary, wrote the following prayer when he was seventy years of age and made constant use of it afterward.)

Oh, most merciful God, cast me not off in the time of old age; forsake me not if my strength faileth. May my hoary head be found in righteousness. Preserve my mind from dotage and imbecility, and my body from protracted disease and excruciating pain. Deliver me from despondency in my declining years, and enable me to bear with patience whatever may be thy holy will. I humbly ask that my reason may be continued to the last; and that I may be so comforted and supported that I may leave my testimony in favor of the reality of religion, and of thy faithfulness in fulfilling thy gracious promises. And when my spirit leaves this clay tenement, Lord Jesus, receive it. Send some of the blessed angels to convey my inexperienced soul to the mansions which thy love has prepared; and, oh, may I have an abundant entrance ministered unto me into the kingdom of our Lord and Savior, Jesus Christ. Amen.

## GOADING HIM ON

He—I love you.  
She—But I haven't a cent in the world.

He—Excuse me, you didn't allow me to finish. I love you not—

She—So! I only wanted to try you. I have a fortune of \$50,000.

He—Yes, but you interrupted me again. I love you not for your money's sake.

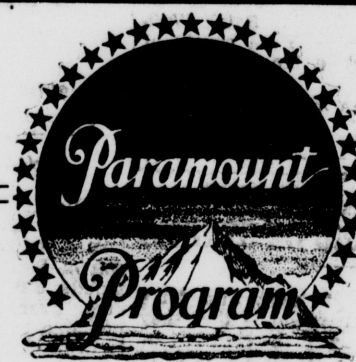

She—Well, I'm glad, for that was only a joke about the \$50,000.—Chicago News.

## SUNDAY WEDDING

**Benjamin Herzikoff and Miss Louise Matson, Los Angeles, Married Home of Groom**

A wedding of interest was performed at 4 o'clock last Sunday afternoon, at the home of Mr. and Mrs. J. Herzikoff on North Main street, when their son, Benjamin Herzikoff, an attorney of Los Angeles, was married to Miss Louise Matson, also of the Angel City.

The ceremony of the Hebrew church was performed by Rabbi I. Werne, assisted by Cantor Leve and L. Hillman. Pink and white roses, carnations and greenery were used for the artistic decorations, and following the marriage a wedding supper was served, the evening being spent socially.

The bride is a very pretty girl and was charming in her gown of Alice blue trimmed with fur and silver lace. Mr. and Mrs. Herzikoff went to San Francisco for their honeymoon trip and will reside in Los Angeles.

Those who attended the wedding were: R. Raymond, Mrs. Lewis, Mrs. Mitchell, Mr. and Mrs. J. Herzikoff and family, of this city; Mr. and Mrs. Charles Weisbart and daughter, of Venice; Mr. and Mrs. James Hurewitz, of Oxnard; B. Forer, Pasadena capitalist; Mr. and Mrs. Hurewitz and family, of Pasadena; Mr. and Mrs. J. Weinberger and family and Mrs. Keller, of Orange; Mr. and Mrs. Yousau, Atty. T. H. Laubersheimer and wife, Senator Harrison, Mr. Brown, Attorney John Bryant, Miss W. Nelson, Mr. and Mrs. Parsons, Samuel Herzikoff, of U. S. C. Medical College, Mr. and Mrs. Charles Spitz and family, L. Forer and son, Abe, Louis Goldberg, president of the congregation of Beth Israel and wife, J. Zatlun, Mr. and Mrs. F. Goldford and son and daughter, J. Goldner, Mr. and Mrs. Joseph Weisbart, Ben Weisbart, Mr. and Mrs. H. Blank and family, Mr. and Mrs. Kaufman, Mr. Burax and Mr. and Mrs. Nemer, of Los Angeles.

## Reception to Teachers

The regular meeting of the city Parent-Teacher Federation will be held on Wednesday evening at 7:30 o'clock in the Intermediate high school building, and will be followed with a reception to all the teachers of the city.

All parents are urged to attend this meeting, as it is the only opportunity all parents of the different associations have of coming together.

Prof. J. A. Cranston, Prof. E. H. McMath, and Prof. W. C. Roberts will give talks on questions in which all will be interested. Every one interested in the schools is welcome.

A meeting of the executive board will be held at 7 p. m.

## Eastern Star Will Elect

At the regular meeting next Monday evening of Hermosa Chapter, Eastern Star, election of officers will be held. Preceding the business meeting, a supper will be served at 6:30 p. m.

## REGISTER TO GIVE ELECTION RETURNS

Tomorrow night the Register will give out election returns by telephone and bulletin in the window at the Register office.

Also at the Lyceum Course entertainment at the Opera House—the "Kellogg-Haines" party.

Three phones will be in service at the Register office. On Sunset call either 4 or 79. On Home call 409.

## WAS WELL RECEIVED

**C. A. Gustlin Gave Recital In Troy, N. Y.—Flattering Account**

The Troy (N. Y.) Times of October 20 has the following interesting and flattering account of a recent recital given in Y. M. C. A. hall of that city, which will be read with pleasure by the many friends of C. A. Gustlin:

It requires more than facile fingers, a technical knowledge, a correct command over keyboard and pedals, and a musical education to create a concert pianist. All these, together with a musician's temperament and the personality of the interpreter of sweet sounds, is possessed by Gustlin, the young California pianist, who was heard for the first time in Troy last evening, when he gave a recital in Y. M. C. A. hall. His versatility was marked, not only in his choice of a program, but in his method of interpretation.

The opening number, a Toccata, and Fugue in D minor, by Bach-Tausig, was a dignified introduction to a varied program. The rhythmic "Gavotte," by Gluck-Brahms, was as light and delicate as a fairy dance, and attractively played. The Brahms "Scherzo Op. 4," was interesting to musicians, and its beauty was evident. The Schumann group, including "Warum," "Prophet Bird" and "Aufschwung," showed the pianist's ability to interpret descriptive music, the bird notes, the questioning all being evident. Chopin, the romanticist, was given in clear, intelligent and worthy manner. The "Prelude, No. 21," with its strong dominant tone and the dainty well-known "Waltz, Op. 64, No. 1," in direct contrast, were swiftly, yet exactly played, the "Etude in C sharp minor," displayed the deeper shading.

Liszt's "Liebestraum Nocturne, No. 2," was the marvel of sweetness and heartache, which the composer intended, and the phrasing was particularly pleasing. Moszkowski's "Etude de Concert," with which the recital closed, was brilliant, and the pianist's reading of the score was in every way a worthy one. The audience seemed to enjoy the "Spinning Song," by Mendelssohn, whose monotonous musical whirr was well described, while the Liszt composition elicited a hearty recall. Paderewski's "Minute" was played by special request.

## HIGH LIFE WEDDING

**Rebekahs Planning Big Time To Celebrate Sixty-Fourth Anniversary**

Ever since the ladies of the Odd Fellows, who went to San Francisco at the time of the Sovereign Grand Lodge meeting, returned home, they have been engaged in deep and dark secret work, preparing for their anniversary meeting, next Wednesday night, the sixty-fourth year since the founding of the Rebekah degree by Schuyler Colfax, once vice-president of the United States.

The jollification will take the form of a "Harvest Home," one of the features of which will be the wedding of Miss Saphronia Amelia Agnes Wintergreen-Smith and Jared Hugo Washington-Wilson Looscheel, Esquire. This couple have been engaged ever since the big wedding several years ago, but they have never seemed to get enough of this world's goods together to get married on until lately, when Jared, etc., has been picking walnuts for George Prather and Clint Hubbard, and made so much money that he came to the conclusion that this was a good time to "hop the broomstick."

The wedding ceremony will be performed by the Right Reverend and then Some W. J. Dazoc, who has borrowed a plug hat for the occasion. The ring bearer and flower girl will be the well known Goldie Twins, known in everyday life as Mrs. Walsh and Mrs. Steer.

A gigantic cake has been furnished by the parents of the bride, who got the loan of the culinary creation from one of the local bakeries. If anyone wins the cake in the cake-walk which is to follow the ceremony, and the cake is cut and divided among the wedding guests, Charlie Mattern and Claude Wagner will be held personally responsible, and will have to cough up the coin in payment for the prize.

It is said that some of the costumes for this occasion are fearfully and wonderfully made. Every member of both Sycamore and Torosa Rebekah Lodges will no doubt be present at the wedding and cake walk.

The affair is a joint celebration, and all Odd Fellows and their friends are invited to be present. There will be a large number come from other lodges in the county.

A full account of the wedding and other festivities will appear in the columns of this paper.

## OLD FRIENDS WELCOME

**Judge J. W. Ballard Meets Santa Anans At Informal Banquet**

A few of the old-timers here, friends of Judge J. W. Ballard, who was the second superior judge on the bench of Orange county and now state senator, gave him an informal banquet last evening in Taylor's gold room. The tables were brightened with golden chrysanthemums, Orange county's official color.

The banquet was entirely informal and immediately following Judge Ballard delivered an address at Moose Hall.

Those present with the honored guest were J. S. Rice, J. C. Burke, Clyde Bishop, G. A. Edgar, Walter Eden, C. S. Shaw, James Sleeper, E. L. Vegely, M. R. Heninger, Horace C. Head, W. F. Menton.

To Complete Arrangements

The ladies of St. Joseph's Catholic Church will hold their last meeting before the bazaar next Thursday afternoon at the home of Mrs. Olive Lopez, 211 South Birch street. The bazaar will be held in Elks' hall Wednesday and Thursday, November 3 and 4, afternoon and evening, and the president will complete the appointment of her committees Thursday.

The ladies hope to make as great or even greater success of their undertaking as they did last year.

## Coffee

There is coffee so full of satisfaction that the day takes care of itself!

You will like the *flavor* of Schilling's Best; you will like its *economy*—it goes further.

It is packed evenly ground and ready for use, in airtight tins.

Schilling's Best

## ENTERTAINED TEACHERS

**Miss Borden and Miss Daniel Hostesses to Roosevelt Faculty Last Night**

The teachers of Roosevelt school were very charmingly entertained last evening by Miss Ada Borden and Miss Estella Daniel at the home of the former's sister, Mrs. A. C. Black, on West Fourth street.

As the "spooky" season is drawing near, the hostesses evolved a Halloween scheme, cleverly using bats, witches and black cats and shading the lights.

After spending the evening with music and various games, appropriate and delicious refreshments were served.

Besides the hostesses and Mrs. Black those present were Misses May Puhnam, Fannie Smart, Mary Collins, Nannie Laughhead, Laura Merritt, Leila Jackson, Louise Stenbach, Mrs. Edith Bohannon.

## Meeting Date Changed

The Friendly Circle of the First M. E. church has changed the social meeting date from Friday evening to Wednesday evening. Members take cups and spoons.

The meeting will take place at the home of Mr. and Mrs. R. H. McArthur on East Santa Ana avenue and will be a welter bake.

All who have conveyances who can take some one else, and all those who have no way to go, meet at the M. E. church at 7 p. m.

## Missionary Tea

The missionary tea of the M. E. Church South will be held tomorrow afternoon with Miss Rose, 902 French street. The ladies are requested to take their fancy work.

Christmas days are coming. The best of all there are. Buy your holiday presents at the next Catholic bazaar. The dates set are Nov. 3 and 4, so get there early, people, so you can get in Elks' hall door.

## HOUSE IS BURGLARIZED AND CLOTHING STOLEN

A house on a ranch on Tustin avenue owned by Mrs. Minnie Hockemeyer and occupied by Henry Uphill was entered yesterday afternoon while Uphill was away from home. The thief carried away some clothing and shoes.

## WET PAVING CAUSE OF SMASHED WHEEL

The wet paving on the state highway resulted in a slight accident to the car of Fred M. Robinson, of the First National Bank, this morning. Mr. and Mrs. Robinson, their son, Homer, the latter at the wheel, and Mr. Robinson's mother were driving from Los Angeles. About a mile south of Anaheim the car skidded on the wet surface, turned completely around, and one wheel was smashed. None of the occupants of the car was injured.

OUR JITNEY OFFER—This and 50c. DON'T MISS THIS. Cut out this slip, enclose with 5c and mail it to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup; Foley Kidney Pills, for pain in sides and back, rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache and sluggish bowels.—Rowley Drug Company.

They say some cars make walking a pleasure. Let us show you an easy riding, powerful, vibrationless Six that will make riding a pleasure. The Saxon Six at \$885 here is a wonderful value. Call 1193.

RUSSELL MOTOR SALES CO  
Fifth and Bush.

FOR SALE—Fine Jersey cow, fresh. Call 2107 North Broadway. Both Phones 59.

## Personals

Miss Thelma Price has as her guest Miss Vida Cowgill of Long Island, Kansas.

Mr. and Mrs. Howard Lego of Atlantic, Ill., are visiting the latter's sister, Mrs. W. M. Belding of Seventeenth street.

Miss Nelle Sumner and Miss Zoe Glidden are enjoying a visit from their friend, Mrs. J. H. Kemp, of Fullerton, Neb.

Mr. and Mrs. J. A. Maag and Mr. and Mrs. Carl Klatt have gone to San Diego to spend a few days at the fair. Mrs. Cora B. Cavins spent the weekend in Los Angeles with friends.

Word from Mr. and Mrs. W. A. Huff, who are now in Indiana, states that they are having a fine trip. The weather is so warm that Mr. Huff expressed a wish for a summer suit.

Miss Alice Parker and Miss Elsie Douglass spent the day in Los Angeles.

Mrs. W. A. Lowman and her sister, Miss Frances Sturgeon, were among Santa Anans in the Angel City today. Mac O. Robbins was a business visitor in Los Angeles today.

Mrs. B. F. Nimmo and Miss Vera Martin took an early Pacific Electric car to Los Angeles.

George Peters of the Orange County Savings & Trust Company, went to Los Angeles this morning.

W. W. Halesworth made a trip to the Angel City today.

Mrs. L. A. West traveled to Los Angeles this morning.

Mr. and Mrs. Joseph Head had as their guests, Mr. and Mrs. V. V. Ragland and son, Richard, of Dodge City, Kan. The tourists are now at San Diego.

T. P. Kingrey has returned from a business trip to San Francisco. Mrs. G. T. King of Columbia, Mo., who has been a guest at the home of Rev. and Mrs. Paul E. Wright, has gone to San Diego.

City Trustee and Mrs. O. H. Maryatt returned last night from a two-days' visit at the San Diego exposition.

J. P. Baumgartner left this afternoon for San Francisco to attend a meeting of the state conservation commission, of which he is president.

Mrs. E. F. Beaumont and Mrs. Van Zandt of Fort Worth, Texas, were Sunday visitors at the home of Mr. and Mrs. Clarence Nisson. Mrs. Beaumont and her son Campbell Beaumont, of Fresno, returned today for a brief visit.

Christmas is coming, so is the Catholic bazaar, Nov. 3 and 4, in Elks' hall. You can buy your Christmas gifts there, also eat chicken both days at noon for 35 cents.

Lost—About 1:30 p. m. today, a bright green parrot, with yellow spot on neck. Return to 1118 West Third or Phone 210, Home 5432. Reward.

Fall enrollments now active at Orange County Business College.

WALKING TO SAN DIEGO  
\*\*\*\*\*  
Floyd Geyer, who formerly resided here, but lives now in Los Angeles and who has many warm friends, especially in the First Methodist church circles, spent the past week-end here and left yesterday morning to walk to San Diego, hoping that this feat of pedestrianism will benefit his health, which lately has not been of the best.

The young man took the railroad, deciding that this would be the best route, as there would be fewer grades and no temptation to accept a "lift."

Mr. Geyer expects to be back from his jaunt in time to attend the big league banquet in Los Angeles next Thursday night.

## SENATOR J. W. BALLARD SPEAKS HERE AGAINST THREE MAIN PROPOSALS

Last night State Senator J. W. Ballard of Los Angeles, formerly a superior judge of this county, addressed a meeting at Moose hall. James S. Rice of Tustin presided.

Senator Ballard spoke upon four of the measures appearing on the ballot used at today's election, two of them being the non-partisan measures, another the tax amendment and the other the rural credits amendment. The speaker stated that he strongly opposed all of the measures. He attacked the state administration.

## RESIDENCE ENTERED WHILE OWNER AWAY

Mrs. M. Peale of 518 East Second street, has reported to the police that her house was entered by burglars about October 20, during her absence from the city. She discovered the robbery on her return yesterday. The visitors got a Swiss movement gold watch, three rings and some other articles of jewelry, also a man's suit of clothes and a toy bank containing a small sum of money.

## ORANGE COUNTY DIVORCE RATE IS THE LOWEST

Judge Presents Figures Refuting Statement "Santa Ana a Second Reno"

Thomas Says Couples Refused Licenses Here Have Succeeded In Los Angeles

Superior Judge Thomas is again to the front in defense of Santa Ana, which city has been criticized by some two or three Los Angeles officials for the reason that a good many Los Angeles couples come to Santa Ana to be married.

Judge Thomas was interviewed in Los Angeles by the Los Angeles Tribune, and in that interview appeared the following:

"Santa Ana has in the past been receiving some notoriety that is not pleasing to some of its citizens, particularly when it comes to referring to it as a 'second Reno,' said Judge Thomas.

"Regular Slamming"  
 "This slamming has been quite regular in some quarters, presumably because many do come to Santa Ana to be married. Outside of the fact that Santa Ana is one of the cleanest and best little cities on the Pacific coast; that it has such splendid people, of clean lives and high ideals; that it is essentially a city of homes, churches and schools, a city that every worthy citizen of this great commonwealth may well be proud to have his friends see—what especial inducement is there to obtain a marriage license there that cannot be obtained in any other county in California? Absolutely none.

False Impressions  
 "Still one would think and be led to believe, according to the statements of some, that to be married in Santa Ana were tantamount to starting on the road to ruin. Naturally and justly our people resent this unkind, unwarranted and wholly unfounded criticism. Such criticisms, in the face of actual facts, are conceived in malice, pass through periods of gestation in hatred, and born in the most

J. C. ELLIOTT

## GOING TO TEACH PREVENTION OF DISEASE RATHER THAN CURE

The subject of the opening lecture in the Chautauqua health campaign by J. C. Elliott Wednesday at 2:30 will be "The Secret of Health and How to Keep Well." The subject at 7:30 will be "Disease: Its Cause and Cure." The principles of the new health conscience are based on the prevention of disease rather than cure. This course of lectures deals with prevention of disease by scientific breathing so that the 725,000,000

air cells of the lungs may be filled with oxygen and the poisonous carbonic acid gas may be removed. God health cannot be produced without scientific bathing so that the 3,000,000 pores of the skin may be kept open for the elimination of the accumulated poisons carried to the skin by the sewage or drainage system of the body. Good health demands the air bath, the sun bath, the friction bath, the sweat bath, the hot and cold water bath.

vicious falsehood. The truth is bad enough.

Licenses Clerks' Troubles  
 The jurist said he was not unmindful of the fact that applicants for a marriage license will, in some instances, perjure themselves as to age and so forth, in order to get the license. If they do, and they seem to be of age, he argued; in other words, if they seem to be telling the truth, where is the license clerk to blame?

Judge Thomas then made the startling statement that Los Angeles need not pride itself on being a place dodged by elopers.  
 "Designing persons who have failed to get a marriage license in Orange county from W. B. Williams, our very efficient county clerk," he said "have immediately gone to Los Angeles county and, apparently without the slightest trouble, were able, by making a false affidavit, to deceive that very efficient and capable license clerk, R. S. Sparks, and secured from him the necessary wedding permits."

The Same Everywhere  
 Judge Thomas declared he could back up this statement with the names of the elopers.  
 "In all probability," he added, "persons falling in Los Angeles county and after having been 'made wise' have met with success in our county. These officers are not to blame for the fact that some of these couples are liars. Then why should any one cast any reflection on the name of any

officer, and particularly on Santa Ana?"

In proof of his assertion that Orange county is not a "second Reno," Judge Thomas exhibited figures compiled in the offices of the county clerks in the counties of Los Angeles, San Diego, San Bernardino, Riverside and Orange. The figures cover a period of five years, from January 1, 1910, to December 31, 1914. Here are the figures:

Judge Presents Figures  
 Los Angeles—Divorces granted, 6295; final decrees, 4993; decrees denied, 1594; marriages annulled, 26; marriage licenses issued, 24,992.  
 San Diego—Divorces granted, 802; final decrees, 710; denied, 20; annulments, 21; marriage licenses, 5653.

San Bernardino—Divorces granted, 424; final decrees, 342; denied, 12; annulments, 10; marriage licenses, 1911.  
 Riverside—Divorces granted, 210; final decrees, 179; denied, 3; annulments, 6; marriage licenses, 1192.

Orange—Divorces granted, 225; final decrees, 185; denied, 2; annulments, 5; marriage licenses, 6120.

Divorce Rates  
 "From the foregoing figures," said Judge Thomas, "it will be seen that in Los Angeles county for every 2.71 marriages, one ends in divorce; in San Diego county, for every 3.62 marriages, one ends in divorce; San Bernardino, one divorce for every 4.15 marriages; Riverside, one divorce for every 5.12 marriages, and in Orange, one divorce for every 14.67 marriages.

"This shows that Orange county has the lowest divorce rate of any of them.

"The place to work the reformation," he concluded, "is at the license bureau rather than in the divorce court." He believed that if thirty or sixty days should elapse between the filing of the application for license and the granting of the permit "a large number of so-called foolish or hasty marriages would be entirely stopped, and because of that fact the grist at the divorce mill would be very materially lessened."

## HAMMACK APPOINTED TO FEDERAL POSITION

Judge Trippet in Los Angeles yesterday announced the appointment of Daniel M. Hammack of the legal firm of Hammack & Hammack of Los Angeles, as United States commissioner, to succeed Charles N. Williams for the term of four years.

The new commissioner started life as a newspaper reporter, and in the old Burlington days of the late Bob Burdette they served together on the local force of the Burlington Hawk, then owned by Frank Hatton, who afterward became postmaster-general under the Harrison administration. The new commissioner will have an office in the Federal building, Los Angeles. Hammack is a brother of Mrs. Robert C. Northcross of Orange.

**Crescent Hardware Co.** 208 E. 4th St.

### MAY DISBAND

A meeting of the Santa Ana Auto Club is to be held at the city hall at 8 o'clock tomorrow evening, for the purpose of considering the advisability of disbanding in order that the members may affiliate with the new Automobile Club of Orange County. The Santa Ana club has 150 members and the new organization now has 200. Its advantages over the old club are that it has the authority to issue insurance policies, which, it is thought, will result in material saving to the members. In other respects the objects of the two clubs are substantially identical.

### COLDS DO NOT LEAVE WILLINGLY

Because a cold is stubborn is no reason why you should be. Instead of "wearing" it out, get sure relief by taking Dr. King's New Discovery. Dangerous bronchial and lung ailments often follow a cold which has been neglected at the beginning. As your body faithfully battles those cold germs, no better aid can be given than the use of this remedy. Its merit has been tested by old and young. Get a bottle today. 50c and \$1.00.

## WELL NOURISHED BABIES

Selection of Right Food First  
 Essential For Healthy Children

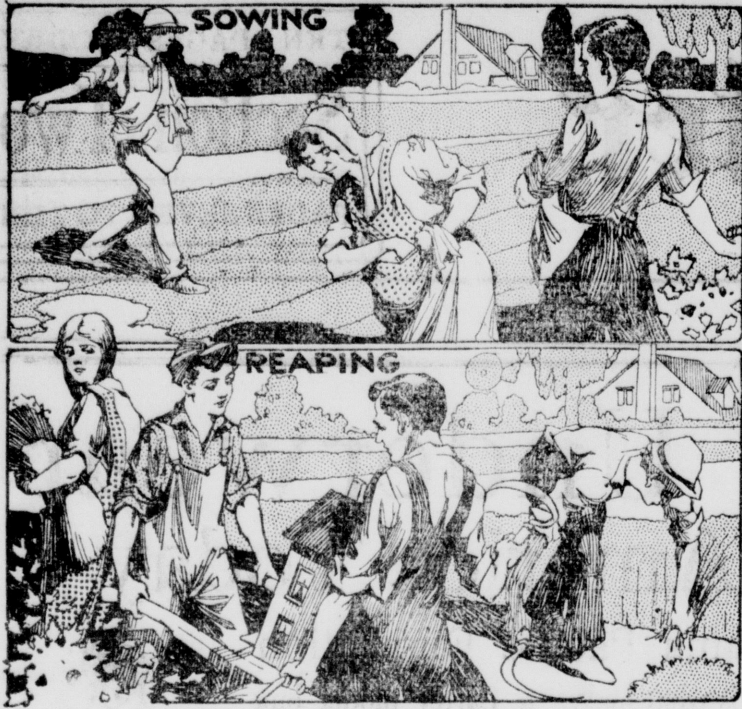

Well nourished babies show results in chubby bodies, strong limbs and rosy cheeks; they have absorbed the nutriment in their food.

No food is better for babies than a good Malted Milk. We say a good Malted Milk advisedly, because there are different qualities of this, as well as of most everything else.

Every one using or about to use Malted Milk will be interested to know that at the San Francisco Exposition The Grand Prize (highest possible award) was granted to that world-famous brand known as "Borden's Malted Milk in The Square Package."

Borden's is a simple combination of cereals and milk, in which the cheesy part of the milk is so treated that it will not form heavy curds—while the cereals are freed from starch, that element so dangerous to babies. It contains no sugar, but the natural milk sugar and that derived from the cereals. Try it today and watch your baby thrive.

Borden's Malted Milk is also good for grown-ups—for the sick and the well alike. You can obtain it at all good druggists. But be sure it's Borden's in The Square Package.—Advertisement.

### HUNTINGTON BEACH

## SHOWERS GIVEN TO POPULAR GIRLS TO BE MARRIED SOON

Juvenile Court Official Is the Speaker at the Parent-Teacher Association

HUNTINGTON BEACH, Oct. 26.—Two very delightful showers in honor of the Misses Alita Seely and Florence Burgess, who are soon to become the brides of Messrs. Riley and Claude Graham, were given during the past week. Miss Frances Howard gave a kitchen shower. The beautiful Howard residence was decorated in an elaborate manner. The dining room was a Japanese bower of pink. The table was under a huge canopy of pink chrysanthemums, from which extended pink tulip streamers entwined with fern. Here and there gay butterflies flitted. In the center of the table arising from a miniature Japanese garden was a silver candelabra shaded by pink chrysanthemums, each shade being held by a tiny kewpie. At each place were tiny pink baskets, menu and place cards of interlocked hearts, napkins, boats and tiny favors which after a noisy transformation became caps to be worn by the guests.

Kitchen games were played and in the music room the kitchen utensils intended for the brides were artistically displayed. Aside from the guests of honor those present were Misses Ruth Harding, Eva Day, Bessie Day, Jessie Kerr, Elizabeth Kerr, and Bertha Proctor.

The choir of the Methodist church gave a linen shower complimentary to Miss Alita Seely at the home of the Misses Hardy on Thirteenth and Walnut. Games and music were the entertainment and a beautiful set of table linen was presented to the bride-to-be. Those present were the Misses Irene and Neva Hardy, Miss Ruth Baugh, Mr. and Mrs. George Lake, Mrs. William Taylor, Mrs. Paul Elfelt, Mrs. Elizabeth Donovan, Miss Allie Turner, Miss Frances Howard, Miss Ruth Harding, Miss Jessie Kerr, Miss Elizabeth Kerr, Miss Maybelle Elfelt, Messrs. Ralph Turner, John Kellie MacDonald, Riley Graham, Clifford Hand and Fred Edwards.

The double wedding is to take place Tuesday evening, October 26, at the first Methodist church.

### Our Boys and Girls

At the regular meeting of the Parent-Teacher Association Judge Curtis D. Wilbur, who was billed to speak, found at the last minute that it would be impossible for him to be present and sent as his substitute L. M. Timmons, who is connected with the work of the juvenile court of Los Angeles county. He spoke on the same subject that Judge Wilbur had been expected to use as his theme: "Our Boys and Girls." Mr. Timmons is one of the employees of the court and in his capacity has come in close touch with many of the boys and girls

### A WOMAN'S DOCTOR

says, "Eugenics is a necessary factor in the future of the race. The average American girl is unfit for motherhood." This may be true, but it weak and ailing girls passing from girlhood to womanhood would only rely, as thousands do, upon Lydia E. Pinkham's Vegetable Compound—that simple remedy made from roots and herbs,—to restore the system to a normal healthy condition, it would cause many ills from which they suffer to disappear, so that motherhood might become the joy of their lives.—Advertisement.

## Take Your Map of California

and with Los Angeles as a starting point trace the coast line of the S. P. railway or the coast line of the state highway and stop just about midway between Los Angeles and San Francisco (the two great cities of the Pacific Coast), you will be in the vicinity of Atascadero (the wonder colony of the world), Templeton and Paso Robles. Just study that location for awhile, see what you can make out of it as a locality offering exceptional home conditions. It's not a difficult puzzle and it may mean a lot to you in the way of happiness and prosperity if you are looking for an investment.

## Watch This Space

as I am going to tell you a lot about this country. I am going to refer you to a number of representative Orange county men who know the possibilities of the locality.

Of course, if you are in a hurry you can ask me for advance information about business chances there or land in parcels from ten acres up. Get busy, make hay while the sun shines. From present indications—through no want of ours—the United States will soon have about all the surplus money in the world. Invest yours wisely at Templeton.

## Lay-to for a spell and swing on this:

You'll start an old-pal-party via a pipe or a makin's cigarette quick as a flash, as soon as you realize it's a live bet to let your good money rub up against some Prince Albert tobacco. Why, it's like beating back to the bushes for old-home week, P. A.'s so friendly, so chummy-like.

You see, Prince Albert lets you hear the song of the joy-us jimmy pipe and the makin's cigarette all the day long! The patented process takes care of that—and cuts out the bite and parch!

## PRINCE ALBERT

the national joy smoke

just hands you home-made questions like these:

Were you ever pipe-happy? Did you ever hit a brand that just pushed pleasure against your palate? The kind that sort of teased your smokeappetite for some more fire-up, then another—and so on, right to the pillow-period!

Well, that's P. A., no matter how you hook it up—pipe or cigarette. It just-jams-joy into your system! You nail that fact hot off the bat, because it's case-cards information! And handed out to you for personal and immediate attention as being about as real and true as you've heard since Hector was a pup!

P. A. is sold in the tippy red bag for the price of a jitney ride, 5c; tidy red tin, 10c; pound and half-pound tin humidors—and—the classy pound crystal-glass humidur with the sponge-moistener top that's not only a joy-us thing to have at home and at the office, but it keeps P. A. in the highest state of perfection.

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Here is Casimiro Irado, 104 years old, who lives in Watsonville, Cal. He has a remarkable memory and clearly recalls the war in Spain in 1822, when he was a lad of 12 summers. Irado has been a smoker all his life, and today he seeks no dearer, no truer friend than his old jimmy pipe. Irado has just been elected a member of the Prince Albert "old-time jimmy-pipers club."

of the city and county of Los Angeles. One of the causes that he gave for delinquency among the children was home surroundings. He said that in two-thirds of the cases that come before the juvenile court there is some one unit of the home lacking. Either there is no father or no mother or the surviving parent has married again and there is a step-father or a step-mother in the family.

The Parent-Teacher Association is planning a Japanese tea and cooked food sale for Friday afternoon of this week at the home of Mrs. R. E. Graves, corner of Ninth street and Walnut avenue.

The afternoon meetings of the association have been arranged as follows: Regular meetings for all mothers, first Friday afternoon of each month; mothers of first, second and third grades the second Friday of each month; mothers of seventh and eighth grades the third Friday and mothers of the fourth and fifth grades the fourth Friday of each month.

### Seven New Houses

The Huntington Beach Company has ordered the construction of seven new houses in the west and northern sections of the city. Work has actually begun on several of the houses. Two will be apartment houses of four apartments or sixteen each, built somewhat after the plan of the Griffith apartments at Twelfth and Ocean avenue. The two apartment houses will occupy the northeast and northwest corners respectively of Nineteenth street and Ocean avenue. They will be modern in every particular.

The other five houses begun by the company are bungalows in the vicinity of the high school. At the present time the school is pretty well isolated but with the prospective early completion of the Main street paving it will undoubtedly become a center of building activity in that neighborhood.

### Beach Notes

The Troy laundry has been leased by its owners, Messrs. Clark and Egerton to Jesse A. Stewart and G. C. Morgan. The lessees have been employed at the laundry for some time. Mr. Stewart looking after the collections and deliveries and Mr. Morgan having charge of the inside work. The lease carries with it the privilege of buying the plant and it is the intention of the lessees to take advantage of this clause in the near future.

Members of the Board of Trade have taken exception to an item in this correspondence which represented that the board was pleased to receive third place at the county fair on the district products exhibit. Although not fully satisfied, however, they will smile and look pleasant.

W. A. Leonard, editor of the Ely Record, Ely, Nevada, has written to friends in this city announcing his intention of coming to Huntington Beach as soon as he is ready to retire from the newspaper business. The return basketball game played Thursday afternoon of last week on the grounds of the local high school against the team from Huntington Park resulted in a victory for the home team by a score of 43 to 18. County Superintendent R. P. Mitchell visited the high and grammar schools of Huntington Beach on Thursday of last week and saw the basketball game at the high school

in the afternoon.

The Arrow Garage has taken the agency for the Studebaker automobile. The first car sold was disposed of to J. A. McCoy.

The Huntington Beach bowling team has joined the league composed of five Los Angeles teams and one each from Venice, Santa Monica, Long Beach, Pasadena and Ocean Park.

Mariam Bros., of Los Angeles are building a \$2000 six-room house on Ocean avenue near Eighth street.

A number from Huntington Beach will attend the big Epworth League banquet at Los Angeles, November 2.

Mrs. L. A. Cronk has returned from a pleasant vacation spent with a brother near Fresno.

The Illinois Society held a pleasant meeting at the home of Mr. and Mrs. C. W. Warner Wednesday evening. The next meeting will be held at the home of Mr. and Mrs. Robinson on Eighth street.

## STOMACH ACTS FINE! NO INDIGESTION, GAS, HEARTBURN, ACIDITY

"Pape's Diapiesin" Fixes Sick, Sour, Upset Stomachs in Five Minutes

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs. Pape's Diapiesin is noted for its speed in giving relief; its harmlessness; its certain, unflinching action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them, if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapiesin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Advertisement.

## ORDINANCE NO. 132

An Ordinance Entitled "An Ordinance to Regulate the Feeding of Meat to Hogs, Chickens or Animals of Any Kind and to Repeal an Ordinance Number 131, Passed September 28th, 1914."

The Board of Supervisors of the County of Orange do ordain as follows: First: It shall be and hereby is declared unlawful for any person, firm, association or corporation to feed to hogs, chickens, or any animal of any kind or description whatsoever the carcasses of any animal of any kind whatsoever, which has died a natural death, or which at the time of its death had any infectious disease.

Second: It shall be and it hereby is declared unlawful for any person, firm, association or corporation to feed to hogs, chickens or any animal of any kind or description whatsoever any carcass which has become putrid, decomposed or decayed.

Third: Any person violating any of the terms or provisions of this Ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in a sum not exceeding Three Hundred Dollars (\$300.00) or imprisoned in the county jail for a term not exceeding One Hundred Days (100); or both so fined and imprisoned.

Fourth: Ordinance numbered 131, passed September 28th, 1914, by the Board of Supervisors of Orange County, California, and entitled "AN ORDINANCE TO PREVENT THE FEEDING OF CARCASSES OF DEAD ANIMALS TO HOGS, CHICKENS OR ANIMALS OF ANY KIND," is hereby repealed.

Fifth: This ordinance shall take effect fifteen days after its passage, and before the expiration of said fifteen days shall be published with the names of the members voting for and against the same, for at least one week in the Santa Ana Daily Register, a newspaper of general circulation published in the County of Orange.

Signed by the Chairman of said Board of Supervisors, this 19th day of October, 1915.

T. B. TALBERT, Chairman of the Board of Supervisors of the County of Orange.

And attested by the Clerk of said Board this 19th day of October, 1915.

(Seal) W. B. WILLIAMS, Clerk of said Board of Supervisors.

Names of Supervisors voting for said Ordinance: Leck, Smith, Schumacher and Talbert.

Names of Supervisors voting against the same: None.

Absent: Supervisor Struck.

State of California, County of Orange—ss.

I, W. B. WILLIAMS, County Clerk of the County of Orange, State of California, and ex-officio clerk of the Board of Supervisors thereof, do hereby certify that at the regular meeting of the Board of Supervisors of Orange County held on the 19th day of October, 1915, at which meeting there were present Supervisors T. B. Talbert, W. B. Williams, Schumacher, Jasper Leck, and the Clerk, the foregoing ordinance, consisting of five sections, was considered section by section, separately considered, and the said ordinance was thereupon then passed and adopted as a whole by the following vote:

Ayes: Supervisors, Leck, Smith, Schumacher and Talbert.

Noes: Supervisor Struck.

Absent: Supervisor Struck.

In witness whereof, I have hereunto set my hand and affixed the seal of the Board of Supervisors of said Orange County, this 19th day of October, 1915.

(Seal) W. B. WILLIAMS, County Clerk and ex-officio Clerk of the Board of Supervisors of Orange County.

LOS ANGELES PRODUCE MARKET

The week opened on the produce market with a stronger tone in the apple offerings. Cauliflower was sold cheaper on account of the advent of local stock. For the past month Los Angeles has had to depend on shipments from the north for her supply of the vegetable, and as a result prices were raised to almost a prohibitive level. Yesterday's prices were 90 cents to \$1.00 a dozen, which is about 40 cents less than the previous quotation. Green chile was higher at 4 and 4½ cents a pound, and both cucumbers and tomatoes have been advanced to 65 and 70 cents a lug.

CURRENT PRICES

[The following market prices on poultry and eggs, fruits and vegetables are compiled daily for the Register, based on quotations prevailing on the Los Angeles produce exchange for the business day preceding. Every effort is made to keep these quotations accurate and down to the latest possible available figures.]

### IMPORTANT FARMERS' PROBLEMS SOLVED BY STATE UNIVERSITY

BERKELEY, Oct. 25.—What has the University of California done this past year toward solving the farmer's problems?

The varied and important agricultural discoveries made by the College of Agriculture during the past year are set forth by Dean Thomas F. Hunt in his annual report, just issued by the University of California. Professor Hunt calls attention to the fact that there are relatively few scientific workers in arid regions where irrigation is practiced. California is as large as nine North Atlantic states put together, yet it receives only one-ninth as much from the United States for its experiment station work as the government expends in an equivalent area on the Atlantic Coast.

California has a climatic range as great as the thirteen original colonies. It grows practically everything raised commercially anywhere in the United States. Its agricultural industries are highly specialized. Hence the variety of the problems crying for solution.

During the past two years 356 subjects have been outlined for agricultural investigation by the University of California. During the past year some progress has been achieved as to 133 of them.

Here are some of the valuable discoveries made during the past year by the College of Agriculture of the University of California, as told of in more detail in Dean Hunt's annual report (copies of which may be obtained free by writing to the College of Agriculture at the University).

**To Increase Nitrogen**

The inability of the plant to secure and assimilate a proper supply of nitrogen has been proved the one great cause of lessened yield and abnormal growth under arid conditions. The one great remedy is to aid the nitrifying power of the soil, by the use, for instance, of cover crops to be plowed under for green manuring, of stable manure, and of low-grade nitrogen fertilizers such as steamer bone meal, cotton seed meal, dried sludge or garbage tannage, and sulphate of ammonia.

The nitrogen of such low-grade organic fertilizers is more readily worked into form by the soil bacteria than that of high-grade materials, in arid soils poor in humus.

"Little leaf" appears only where there is lack of available nitrogen in the soil. Peaches, therefore, for instance, ought not to be planted on sandy or very light soil nor in places where corals or barnyards were formerly located.

"Mottle-leaf," "die-back," and "little leaf" in vines occur where soils have a weak nitrifying power. The best remedy found is to use cover crops, to be plowed under for green manuring, and sulphate of ammonia and low-grade nitrogenous fertilizers.

Steamed bone meal and a leguminous cover crop are the best fertilizers for a young bearing orange orchard.

Fertilization has been found to affect but little the sweetness of citrus fruits, but it has been shown that navel oranges grown on sweet stock have more sugar and less acid than if grown on sour stock.

Bitter clover (*Melilotus indica*) when grown as a cover crop and then plowed under has been found to enrich the soil as much as a cover crop of rye turned under plus fertilization with 1080 pounds of nitrate of soda per acre.

The purple vetch (*Vicia atropurpurea*) has been proved much superior to ordinary vetch, and resistant to the attacks of plant louse or aphid.

A way has been discovered to reclaim alkali soil by the use of sulphuric acid, ferrous sulphate, gypsum, and organic matter. The practical applications remain as yet to be worked out.

California kelp, merely dried and ground, has been shown valuable as a potash ingredient for a mixed fertilizer.

**Alfalfa Irrigation**

It has been found that thirty inches per annum to the acre of irrigation for alfalfa will on the average give the best results, larger amounts only wasting water, preventing the plant from getting its proper supply of food and often permanently injuring the soil.

Farmers should test with a sharp-ended steel rod the depth to which irrigation water penetrates and the condition of the soil, so that full saturation may be avoided, but during the growing season the soil in the rooting zone should never be allowed to become so dry that it will not "ball" or pack in the hand.

The temperature at which irrigation water should be applied has been found to be important. Orange seedlings are retarded in growth when the water is colder than 55 degrees F. and maximum growth is obtained with water at about 72 degrees F.

The university has reclaimed from alkali a quarter-section of land at the Kearney ranch in Fresno county, by tile drains and pumping.

During the past two years the university has made a soil survey of 6,274 square miles in the Sacramento Valley, of 4,000 square miles in the region between Santa Rosa and Santa Cruz, and of 3,000 square miles in the neighborhood of San Diego. The report and maps on the Sacramento Valley area soil survey are now available for distribution.

The avocado has been proved more nutritious than any other fruit known. How to grow and sell the loquat has been studied and reported on.

The date palm has been shown highly resistant to alkali. It promises to become one of the main fruit crops of the Imperial Valley. The university has grown 3500 date seedlings of ten different varieties and distributed a thousand of these.

It has been shown necessary in testing oranges as to maturity to use a large number of oranges in each sample in order to produce accurate results.

Soaking orange seed before planting has been found to reduce "bench root" in citrus nursery stock from 24 to 10 per cent.

The fungus discovered to be the cause of brown rot of lemons has now been proved the cause of "Sour Sap," which results in extensive losses in nursery stock.

Bordeaux paste has been found a good remedy for "scaly bark" and other citrus tree diseases of fungus origin.

It has been shown that the life of deciduous orchards is being reduced one-half by wood decay caused by fungi, yet these losses can be avoided by proper pruning, disinfecting large cuts with corrosive sublimate, and keeping them covered with asphaltum.

"Olive knot" has been proved a disease due to bacteria and controllable by cutting out the knots at first appearance. The Mission variety has been found resistant to the disease, and the Manzanillo very susceptible.

It has been shown that "oak fungus" can be controlled by trenching; and that citrus trees, prunes, peaches, apricots and almonds may be freed from it by bisulphide of carbon.

The organism has been discovered which causes "curly top" in sugar beets and it has been proved that it is transmitted by the leaf-hopper.

Lime sulphur spraying has been shown to increase the walnut crop by controlling insects and diseases.

**Walnut Canker Preventable**

Walnut canker has been found to spread from native willows to walnut groves, but to be, probably, preventable or curable by spraying and tree surgery methods.

A complete compendium has been published on the pruning of grapes in California.

The "wither-tip" fungus has been proved the cause of a stain of oranges and lemons.

Extensive experiments are in progress in the breeding of improved peaches. The plants which poison livestock have been investigated and described in a bulletin.

It has been shown that better methods of kiln-drying will probably reduce depreciation in the value of lumber.

Cumberland wheat, red Algerian oats, and an improved common barley have been the best yielders of the scores of varieties tested at the University Farm.

The improved varieties of corn grown at the University Farm have still further improved as they became acclimated.

Dwarf milo maize has been found the best yielder of nineteen varieties of grain sorghums tried at the University Farm, and "honey sorghum" the best for forage of the sweet sorghums tested.

Sudan grass has been proved a valuable forage crop for non-irrigated lands, but care must be taken not to plant Johnson grass seed by mistake.

Egyptian cotton has been found to yield most when planted close instead of far apart.

How to control the citricola scale and mealy-bugs on citrus trees has been worked out.

A paste made from olives too small for pickling, and jellies made from oranges and lemons, are useful new by-products which the university has shown how to make.

The advisability has been shown of harvesting raisin grapes when ripe rather than being customary.

Mistletoe has been shown highly nutritive for feeding live stock.

It has been shown that there is no basis for the belief that barley tends to dry up cows nor for the idea that alfalfa tends to produce sterility in dairy cattle.

The great value to dairy and stock farms of using a silo has been further demonstrated.

Almond hulls have been proved of practically no value as feed for pigs and sheep.

**Milch Goats Cheap**

A year's test of three milch goats showed that the feed cost of a pound of milk from these goats was only ninety per cent of the feed cost of a pound of milk of a similar average fat content, produced by five cows in the university dairy herd.

It was found that 102 degrees F. is the best average temperature for incubating eggs.

The feeding of meat scrap and fish scrap was found to increase the number of eggs laid by hens.

Methods were introduced for successfully vaccinating hens against chicken-pox.

To separate calves from tuberculous cows at birth and bring them up on boiled or pasteurized milk was further shown to be an excellent way of building up a tuberculosis-free herd.

Massaging has been shown to improve the accuracy of the intradermal test for tuberculosis.

Various alleged methods of immunizing calves against tuberculosis were found not only of no practical value but sometimes positively dangerous.

Dermatitis, a skin disease of horses, was found preventable by good grooming, and curable by the use of a bland oil.

A skin disease of pigs known as "malignant" was proved curable by dipping the swine in a two per cent compound cresol solution with water.

The Russell Motor Sales Co., Fifth and Bush, offer the little Saxon Six at \$885 complete; 21 miles to the gallon, easy on tires, wadable good riding qualities and power that will be a revelation to you. Call 1193 for demonstration.

**RUSSELL MOTOR SALES CO.**

Special Sale Millinery—100 new trimmed Hats \$3.95, \$4.95, \$5.95 at Gilbert's. Take the elevator.

**HURT WHEN AUTO SKIDDED**

Mrs. E. J. Page, wife of the foreman of the Blade mechanical department, living at the Meyer apartments, is suffering from severe bruises sustained when an automobile in which she and her husband were riding skidded on the wet pavement near Anaheim. The machine swung around and struck a tree, and Mrs. Page sustained a number of severe bruises, but was not seriously hurt.

**HOW FRENCH PEOPLE CURE STOMACH TROUBLE**

A household remedy of the French peasantry, consisting of pure vegetable oil, and said to possess wonderful merit in the treatment of stomach, liver and intestinal troubles, has been introduced in this country by George H. Mayr, who for twenty years has been one of the leading down-town druggists of Chicago and who himself was cured by its use. So quick and effective is its action that a single dose is usually enough to bring pronounced relief in the most stubborn cases, and many people who have tried it declare they never heard of anything to produce such remarkable results in so short a time. It is known as Mayr's Wonderful Remedy and can now be had at all leading drug stores. It is sold with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.—Advertisement.

### CITRUS GROWERS AND OTHERS—ATTENTION

# \$3.20 per Ton

F. O. B. Corona, Sacks Returned

## A Mineral Fertilizer

Why you should use it: You have in your soil from 40 to 60 thousand pounds of unavailable plant food per acre and you are adding a few pounds per acre at a cost of from \$30 to \$60 per ton. There is no way of making it available except by the use of iron sulphides, which attacks the unavailable matter immediately. Our material carries the highest percentage of sulphides obtainable and gypsum scientifically mixed by nature, which we guarantee. We are now shipping daily to the largest growers in the state. We have millions of tons and a large plant, close to the railroad, hence our low price.

### IS YOUR STOMACH CLOGGED WITH WASTE?

Rowley Drug Co. Guarantees to Return the Money if Mi-o-na Does Not Relieve You

"It's a pleasure to sell a medicine when our customers come in afterward and tell us how much good it has done them," said the Rowley Drug Co., the popular druggists to a Register man, "and that is why we like to sell and recommend Mi-o-na, the dyspepsia remedy. The distribution of samples that we made created so much talk and so large a proportion of those who received a sample have bought a box of Mi-o-na that our clerks have been busy selling the medicine ever since. We have so much faith in this article that we are going to guarantee it in the future, and will return the money to any purchaser of Mi-o-na whom it does not help. That may seem rash but our customers have said so many good words in its favor that we do not expect to have many packages returned.

"Anyone who has dyspepsia, whose food does not digest well, and who has to take thought as to what he can eat, and when, can leave 50 cents deposit at our store and take home a box of Mi-o-na and if the remedy does not regulate his digestion and help his dyspepsia he can withdraw his money. I don't know but what we would be willing to pay him interest."

This shows great faith in the merit of Mi-o-na. It is really a most unusual medicine and the rapid increase of sales since the Rowley Drug Co. introduced it in Santa Ana shows that it does all that it is claimed to do—relieves dyspepsia, regulates digestion and enables those who use it to eat just what they want with no fear of trouble after.—Advertisement.
